**Response to Notification of Missing Requirements**

Commissioner for Patents  
PO Box 1450  
Alexandria VA 22313-1450

Applicant responds as follows to the 371 Formalities Letter, mailed April 4, 2007, in connection with the above-identified application.

The Office required a revised oath or declaration of the inventor because the inventor's first name on the declaration does not correspond with the name on the published application and Electronic Acknowledgment Receipt. In view of the following, it is respectfully submitted that a new declaration is not required.

Due to a typographical error, the inventor's first name was spelled incorrectly in the international application as "Krzystof." Using the international application as a reference, applicant's counsel entered this incorrect spelling into the Office's records when the application was electronically filed in the US National Stage.

Upon investigation, applicant's counsel has determined that the correct spelling of the inventor's first name is "Krzysztof," as it appears in the declaration.

It is thus submitted that the current declaration on file is correct and that no new declaration is necessary and that no fee is due.

Respectfully submitted
